# MILESTONE

2021

## **Company Establishment (Month 1):**

In our first month of operation, Work Globally Technologies was founded with the vision of providing top-notch digital solutions to businesses worldwide. We set up our infrastructure, assembled a talented team, and outlined our strategic goals.

## **Client Acquisition and Project Launches (Months 2-6):**

During this period, we successfully acquired our initial clients who entrusted us with their digital presence requirements. We launched several website development projects, delivered customized mobile applications, and implemented CRM solutions for our valued clients.

## **Team Expansion and Skill Development (Months 7-12):**

Recognizing the importance of expertise and innovation, we expanded our team by hiring skilled professionals in various domains. We also invested in training and development programs to ensure our team stayed at the forefront of technological advancements.

# MILESTONE

2022

## **Business Growth and Market Expansion (Months 13-18):**

In our second year, we experienced substantial business growth, with an increased number of satisfied clients and successful project deliveries. We expanded our market reach by collaborating with international partners and exploring new industry verticals.

## **Introduction of SEO Services (Months 19-22):**

Understanding the significance of search engine visibility, we introduced comprehensive Search Engine Optimization (SEO) services to help businesses improve their online presence and increase organic traffic to their websites.

## **Launch of SaaS Offering (Months 23-24):**

As part of our commitment to providing scalable and efficient solutions, we developed and launched our Software-as-a-Service (SaaS) offering. This enabled businesses to access powerful software applications on a subscription basis, reducing upfront costs and enhancing operational efficiency.
